

## My Family Photo

This song teaches family vocabulary (A1 level) through a "digital family tree". It uses Direct Method principles to link words like "Mommy" and "Brother" to visual avatars without any translation.

[Intro] 

"Look at my tree!  Who is it? Let's see! 

[Verse 1] 

Point to the MOMMY,  smile so sweet!

Point to the DADDY,  tap your feet! 

This is my MOMMY! 

This is my DADDY! 

[Chorus] 

My family photo, one, two, three, 

Look at the people on my tree! 

I love my family, yes I do, 

And my family loves me too! 

[Verse 2] 

Point to my BROTHER,  jump up high! 

Point to my SISTER,  wave hi-fi! 

This is my BROTHER! 

This is my SISTER! 

[Bridge – Fast Recall] 

(Music speeds up! )

Where is MOMMY?  (Point!)

Where is BROTHER?  (Point!)

Where is BABY?  (Point!)

Fast! Fast! Fast! 

[Outro] 

A big family hug!
